

History In The Making!

Preserving

a Piece of America's
History for Future
Generations

The Historic park banner promotion for the community and businesses during construction.

History In The Making

Thank you for considering supporting the “History in the Making” initiative from the Washington Crossing Historic Park which is supported by the Friends of Washington Crossing Historic Park and the DCNR.

As you may be aware, there is a lot of construction underway at the Washington Crossing Historic Park. As part of the \$8.7 million Capital project with thanks to the

Commonwealth of Pennsylvania, eleven historic buildings and numerous modern-day structures are being rehabilitated from May 2021 through 2022 at the Washington Crossing Historic Park (PA).

During the construction, there are many construction fences around the properties and we have created an initiative to raise funds for the Friends of Washington Crossing Park to benefit the following goals:

1. Increased education throughout the park,
2. Increase the number of exhibits at the park
3. Improve the internal structures of the buildings which are not covered under the Capital Project.

The fencing surrounding the buildings enables us to create visually appealing murals during construction in the Winter months, the Christmas Crossing and the spring. We are creating images of the park and activities on mesh banners (4 x 8) that will go on the fencing from December 2021 - May 2022. Businesses and families can purchase a banner or multiple banners and put their logo or family name on the banner to show support for the community, the park, promote their business or create a unique holiday gift. For your business, why not purchase several banners - add your company logo - give your employees the Washington Crossing Park Membership (when you purchase two or more banners) as a thank you for their work throughout 2021 - keep it local!

We sincerely appreciate your anticipated support and if you have any questions, please do not hesitate to email us at info@washingtoncrossingpark.org.

Supporting "History in the Making"

A person dressed in historical military attire stands in a snowy field. They wear a dark tricorn hat with a single white feather, a dark blue coat with a red tassel on the collar, and a tan waistcoat. They are holding a long rifle with both hands. The background is a soft-focus snowy landscape with falling snow.
